INDEX-VOLUME III

Activity proposals for mineral and locality preservation, **4**
Adolfsson, S. G., Håkansboda copper and cobalt deposit, Sweden, **38**
Amethyst, **221**
Antimony Peak: a rerun of a field trip 110 years later, **78**
Arem, J. E., friends of mineralogy, **52**
Arem, J. E., record bookshelf, **40, 124**
Aristarain, L. F., boron minerals and deposits, (I) **165**
Aristarain, L. F., boron minerals and deposits, (II) **213**
Artificial cahnite, **99**

Bedogné, F., mineral collecting in Val Malenco, **120**
Belgian Congo to Congo to Zaire, from, **147**
Bideaux, R. A., the collector, **12, 62, 129, 148, 198**
Books reviewed:
- Answers about rocks and minerals, Smithline, F., **40**
- Chemical equilibria in the earth, Broecker, W. S., and V. M. Oversby, **124**
- Cleaning and preserving minerals, Pearl, R. M., **227**
- Color and symmetry, Loeb, A., **133**
- Color treasury of crystals, Bevilacqua, C. and V. DeMichele, **276**
- Contemporary crystallography, Buerger, M. J., **124**
- Crystals and x-rays, Lipson, H. S., **133**
- Der micromounter, Kipfer, A., **276**
- Exploring crystals, Berry J., **40**
- Field ion microscopy, Muller, E. W., and T. T. Tsong, **124**
- Geode country, Sinotte, S. R., **277**
- Minerals and gemstones of Nebraska, Pabian, R. K. and A. R. Cook, **278**
- Moon rocks and minerals, Levinson, A. A., and S. R. Taylor, **124**
- Wonders of stones, Mcfall, C., **41**

Boron minerals and deposits, (I) **165**
Boron minerals and deposits, (II) **213**
Brannock, K. C., sphalerite and associated minerals from East Tennessee, **90**
Brown, W. R., see Finkelman, R. B., **205**

Cahnite, artificial, **99**
Chapman, A. H., on a spectacular find of crocoite in the Adelaide mine Dundas, Tasmania, **111**
Chester County Historical Society, new trails blazed at the, **119**
Collector, the, **12, 62, 129, 148, 198**
Cook, D. K., willemite from the Andover iron mine, Andover, New Jersey, **63**
Corrections and additions to glossary of mineral species, 1971, **140, 141, 142**

Desautels, P. E., the museum record, **17, 67, 114, 196, 244**

Editorials, **2, 50, 98, 146, 194, 242**
Ehrmann, M. L., deceased, **100**
Evans-Lou pegmatite, Quebec: a unique yttrium-niobium-bismuth-vanadium mineral assemblage, **69**

Fairfax quarry, Centreville, Virginia, minerals of the, **173**
Ferrier, W. F., and the Ferrier mineral collections, **232**
Finkelman, R. B., a scanning electron microscopy study of minerals in geodes from Chihuahua, Mexico, **205**
Finkelman, R. B., book review, **277**
Fleischer, M., what's in a name: mac vs. mc in mineral names, **235**
Folio: the 79 mine, **265**
Friends of mineralogy, **4, 52**

Gaines, R. V., new data on emmonsite and a second locality for sonoraite, **82**
Glossary of mineral species, 1971, corrections and additions to, **140, 141, 142**

Håkansboda copper and cobalt deposit, Sweden, **38**
Hassan, F., amethyst, **221**
Hogarth, D. D., the Evans-Lou pegmatite, Quebec: a unique yttrium-niobium-bismuth-vanadium mineral assemblage, **69**
Hurlbut, C. S., Jr., see Aristarain, L. F., **165 213**
Hurlbut, C. S., Jr., retirement dinner for, **131**

Interference colors in oil slicks and feldspars, **18**

Keith, S. B., mineralogy and paragenesis of the 79 mine lead-zinc-copper deposit, **247**
Kent, P., deceased, **201**

Lapham, D. M., activity proposals for mineral and locality preservation, **4**
Letters, **44, 94, 137, 188, 237, 282**

Matzko, J. J., see Finkelman, R. B., **205**
Medici, J. C., minerals of the Fairfax quarry, Centreville, Virginia, **173**
Meetings and shows, **46, 136**
Micromounters, directory of, **43**
Micromounting, **36, 85, 126, 184, 202, 246**
Mineral collecting in Val Malenco, **120**
Mineral notes, **6, 187**
Mineralogical Record idea adopted, **87**
Mineralogy of the miarolitic cavities in the plutonic rocks of the Oslo region, Norway, **7**
Minerals, descriptions of:
- Amethyst, South Carolina, **181**
- Anhydrite, Mexico, **66**
- Apophyllite, Mexico, **15**
- Bakerite, Mexico, **125**
- Barylite, **125, 180, 230**
- "Blanchardite", **229**
- Chalcocite, **15, 132**
- Crocoite, Tasmania, **111**
- Emmonsite, **82**
- Fluorite, Mexico, **228**
- Hallyne, New York, **273**
- Indigirite, Yakutia, **187**
- Julgoldite, Sweden, **187**
- Melanterite, Tennessee, **273**
- Parisite, Montana, **66, 274**
- Plattnerite, Nevada, **275**
- Pyromorphite, Utah, **275**
- Rhodochrosite, South Africa, **132**
- Sonorite, **83**
- Sphalerite, Tennessee, **90**
- Tennantite-tetrahedrite, Mexico, **115, 229**
- Thaumasite, Mexico, **15**
- Tobermorite, Mexico, **15**
- Tsumcorite, South Africa, **187**
- Wardite, Mexico, **14**
- Willemite, New Jersey, **63**
- Wulfenite, Mexico, **180**
- Zeolites, Washington, **30**

Mineralogy and paragenesis of the 79 mine lead-zinc-copper deposit, **247**
Minerals of the Fairfax quarry Centreville, Virginia, **173**
Museum record, **17, 66, 196, 244**

Nassau, K, the state of the art-crystal growth, (I) **23**
Nassau, K., the state of the art-crystal growth, (II) **54**
Nassau, K., the state of the art-crystal growth, (III) **103**
New minerals (abstracts)
- Brüggenite, **6**
- Indigirite, **187**
- Julgoldite, **187**
- Schubnelite, **6**
- Stenhuggarite, **6**
- Tsumcorite, **187**

New data on emmonsite and a second locality for sonoraite, **82**
New trails blazed at the Chester county historical society, **119**

Obituary
- Ehrmann, **100**
- Kent, **201**

Osage Hills club does good deed, **128**

Pagano, R., see Bedogné, F., **120**
Pemberton, H. E., Antimony peak: a rerun of a field trip 110 years later, **78**

Q/A column, **16, 130**

Raade, G., mineralogy of the miarolitic cavities in the plutonic rocks of the Oslo region, Norway, **7**
Record bookshelf, see Books, reviewed:
Regional mineralogy
- Arizona, 79 mine, **247, 265**
- Australia, Adelaide mine, Dundas, Tasmania, **111**

Telephone: 213-645-1175

is privileged to announce a truly major new find of COLEMANITE crystals from Death Valley National Monument, Inyo County, California. We believe it to be the finest COLEMANITE in the world.

Brilliant blocky crystals to 10 inches, some with minor celestite, priced from $2.00 to $1,500.00.
